For the month of April, 2009, data on 4,531 students was reported, representing 26 schools.

See next page for tips for success – make your monthly reporting EASY!

TIPS for teachers completing Monthly Reports:

- Remember **once you have filed one report**, you only need to **retrieve** that report from your EXCEL database on your computer, **delete** the contents in the column for book level and **replace** them with the new data for the new month.
- **The only other changes necessary** are when a new student is added (simply enter the new student's name or code, their book or readiness level, their category (and ethnicity if your school is tracking that) and label them with a "Y" in the "new student?" column. If a student has withdrawn, simply delete their entire row from your form. You are welcome to also move students within groups by cut and pasting but that is not necessary for our purposes.
- **Remember to use the actual category and ethnicity codes provided on the reporting form instructions.** Those may differ from codes you are used to at your school. ***Several schools did not do that this first month, so check your reports.*** If you wish to add any additional subgroups in the category (SST, DHH, Speech or IEP for example) that are not on your first school report, please have your school coordinator for this program contact Mrs. Miller.
- **REGARDLESS OF WHETHER YOUR SCHOOL IS TRACKING ETHNICITY AND CATEGORY, PLEASE PROVIDE THOSE FOR YOUR STUDENTS AND LEAVE THEM ON THE REPORT THE ENTIRE YEAR. MOVE THOSE COLUMNS WHEN YOU MOVE A STUDENT TO ANOTHER GROUP (SO THE WHOLE ROW FOLLOWS THE STUDENT).**
- **Only enter an actual number** (i.e., 5) **for the book level** and use no other keystrokes (Book # or # sign). If you are entering a readiness level, **use the format R plus the readiness level number**. Entering in any other format may delay your return reports. More importantly, it saves you time!
- Change the date at the top of the form, save the new data under a new file name and forward to your school monthly update coordinator. **Easy as 1-2-3.** This should only take you about **5-10 minutes per month**.
- **If your total or average shows an error message, it could be an indication that your form has been corrupted.** Cathy Miller can easily help you fix that with a quick phone call to her office (256-883-7005).
- **File your reports each month at the same time for most accurate tracking of progress. See the schedule for turning in your forms on the teacher's instruction sheet (page 2).** The final reports are issued as soon as possible after the end of the month so getting those reports in helps us return the reports to you more quickly.
